TELEFAX: 0651-2243102

FROM DESK OF SECRETARY

Ladies and Gentlemen

Today in the Annual General Meeting I welcome you all. CRADLE established in the year 1996 with a mission to work on rural area in professional manner and expert delivery mode.

We can say today that we have achieved the Goal of professionalism and expert delivery system mechanism.

In this year we have achieved completion of major project of Asian Development Bank directly to undertake the Gender Equality in the influenced villages of the Jharkhand State Road Project.

We sincerely thank all our project team for putting all efforts to complete and deliver quality services to the beneficiary.

Regards

SD/-Pranay Kumar

CONSULTANTS FOR RURAL AREA DEVELOPMENT LINKED ECONOMY (CRADLE) is a group of development professionals engaged in various fields of social development for a long time. It is a registered organization with offices and associates all over the country.

The mission of the organization is to improve the quality of life of the poor and underprivileged persons of our society. It aims to create sustainable sources of livelihood by optimizing the use of available resources and creating new opportunities.

CRADLE helps people evolve and adopt integrated and indigenous processes to assume responsibilities to manage their own resources; define their needs and take decisions to improve their well being. Managerial professionalism, of leadership, social commitment & high degree of motivation are the guiding principles.

CRADLE offers different type of research & services. A wide array of studies covering public opinion survey, health, education, economic development programmes, rural and agricultural markets, communication and other technology oriented issues, rural development have been successfully undertaken by us.

Economic Development of society is dependant on social empowerment and targeted society should have the propensity to sustain the development inputs. CRADLE offers different types of development & research services:

- ✚ Concurrent evaluation studies
- ✚ Programme evaluation studies
- ✚ Performance monitoring studies
- ✚ Corporate Image Building Exercises
- ✚ Knowledge, Attitude & Practices (KAP) studies
- ✚ Baseline studies/ Benchmark surveys
- ✚ Beneficiary needs assessment studies
- ✚ Training needs assessment studies
- ✚ Project planning and feasibility studies
- ✚ Resettlement and rehabilitation surveys and RAP preparation.

The multi-disciplinary CRADLE professionals and consultants are eminently component it to undertake studies & projects in the following development sectors:

i. Resettlement and Rehabilitation: CRADLE offers following services in the field of Resettlement and Rehabilitation for mitigating the negative after effects.

- ✚ Census Survey of the project Affected Population to assess social, demographic and economic impact
- ✚ Baseline socio-economic survey to develop monitoring indicators
